

DALI-2 Phase Dimmer 1ch

A small form factor, single channel dimmer module, fitting any installation requirements, including in retrofit projects.
The module can handle various AC loads like LED drivers, high and low voltage halogen or electronic transformers

Product Range

Product ID	Description
zl-dm1ch-da	DALI-2 phase dimmer 1 channel

Features

- Single channel DALI-2 module
- Can be used with various DT6 AC loads
- Very small form factor, fitting any standard wall box
- Maximum load: 1.8A

Specifications

DALI Current	2mA
Number of DALI input	1
Switching Voltage	250 VAC
Switching Current	Max 1.8A
Number of relay contacts	1
Operating Temp	0°C to +40°C
Enclosure	ABS white, IP20
Physical Dim	Diameter: 45mm / Height: 20mm
Certifications	DALI IEC 62386-101 / -102 / 207 cULus, CE, SAA, FCC, RED, RoHS
